

How Could Anyone Understand?

I am broken by Your glory and Your presence
I am humbled by the mercy of Your smile
I am thankful for the narrow road less traveled
And despite my selfish heart
you send angels every mile

Sometimes I shout and call your name
When heaven's silent to my pain
Then in the nick of time your love breaks thru

How could anyone understand Your mercy
How could anyone understand Your grace
If I cried a hundred years,
You would bottle all my tears
How could anyone understand God's face

I m so joyful for Your promise of salvation
I m so grateful for Your hope when there is none
I just shake my head and bow in adoration
And despite my pride and sin,
I m forgiven by Your Son

Sometimes I wonder if it s real
Or just some longing that I feel
But then Your Word of Truth comes
crashing through my soul

How could anyone understand Your mercy
How could anyone understand Your grace
If I cried a hundred years,
You would bottle all my tears
How could anyone understand God s face
repeat chorus
